1 Identification of substance / manufacturer

Application of product: Stone impregnator for natural and man-made stone
Product name: WEISS StainProtect Profi, SP Profi
Manufacturer: WEISS - 4312 Ried/Rdm – Austria, Phone: 00 43 723 828 440
Supplier: tuffbau Ltd T/A SteinTec, 728 London Road, West Thurrock, Essex,
RM20 3LU
Phone 01708 860 049 Email info@steintec.co.uk
Emergency information: Phone: 00 43 723 828 440 (24 hours) English & German Language Line

2 Composition / Data on components

Chemical characteristics/
Description: Impregnator
Dangerous components:- no

3 Hazard Identification

Hazard description: Not applicable.
Information pertaining to particular
dangers for man and environment: This product does not need to be labeled.
Classification: Classification according to hazard regulations

4 First Aid Measures

After inhalation Avoid breathing fumes and if nose or airways become
inflamed seek medical advice
After skin contact: Immediately rinse the affected areas with copious amounts
of water and if irritation persists seek medical advice
After eye contact: Immediately rinse the affected areas with copious amounts of
clean water and if irritation persists seek medical advice.
After ingestion Wash out mouth with water, do not induce vomiting and if symptoms
develop or persist seek medical advice as soon as possible

5 Fire fighting measures

Suitable extinguishing agents: CO2, extinguishing powder or water spray. Fight larger fires with water

spray or alcohol resistant foam.

6 Accidental release measures

Personnel related safety precautions:	None: See 8
Environmental protection measures:	Dilute with lots of water. Do not allow StainProtect Profi to enter sewers, surface or ground water courses. Contain spillage using bunding.
Cleaning/collection measures:	Spread absorbent material such as dry soil or sand, transfer to a closable, labelled container for disposal by an appropriate method. Wash the spillage site with copious amounts of water.
Additional information:	No hazardous substances are released.

7 Handling and storage

Information for safe handling:	No special measures required.
Storage:	
Requirements to be met by storerooms and containers:	No special requirements.
Further information about storage conditions:	Keep containers tightly sealed, protect against frost

8 Exposure controls and personal protection

Components that require monitoring in the workplace:	Not applicable
General protective and Hygienic measures:	Keep away from foodstuffs and beverages Immediately remove all soiled and contaminated clothing. Wash hands after use. Avoid contact with the eyes and skin.
Protection of hands:	Protective gloves
Eye protection:	Protective goggles
Body protection	Protective work clothing
Additional information about design of technical systems:	No further data; see item 7.

9 Physical and chemical properties

General Information

Form	Fluid
Colour	Slightly yellow
Odour	Mild
PH-Value	4.5 – 6.5
Boiling point	>85°C (185°F)
Flash point	Not applicable.
Auto igniting	Product is not self igniting.
Danger of explosion	Product does not present an explosion hazard.
Vapor pressure at 20°C (68°F):	23 hPa (17 mm Hg)
Density at 20°C (68°F):	~1.01 g/cm ³
Solubility in / Miscibility with water:	Fully miscible.

10 Stability and reactivity

Materials to avoid No known dangerous reactions.

11 Toxicological information

Additional toxicological information:

The product is not subject to classification according to approved regulations.

12 Ecological information

Mobility	Soluble in water
General notes:	Water hazard class 1 (Self-assessment): slightly hazardous
Bioaccumulative potential	Not expected to bioaccumulate

13 Disposal considerations

Product Recommendation:	Dispose of product in accordance with current waste disposal regulations
Containers:	Empty containers must be disposed in accordance with current waste disposal regulations
NB	The user's attention is drawn to the possible existence of special local, regional or national regulations regarding disposal.

14 Transport information

(ADR/RID/GGVS/GGVE)	Not classified as Hazardous for Transport
IMDG/GGV Sea	Not classified as Hazardous for Transport
Marine pollutant	No
ICAO/IATA	Not classified as Hazardous for Transport

15 Regulations

Observe general safety regulations when handling chemicals. The product is not subject to identification regulations according to directives on hazardous materials.

Keep away from children.

16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
